ORDER:

In the reference read above, the Engineer-in-Chief (Irr), Water Resources Department, Vijayawada has submitted a detailed report and recommended the Government to accord necessary permission for drawl of water of quantity 4,17,000 Litres per day (0.170 Cusecs) from Right Bank of Vempadu Branch channel at Km 0.870 to "Sri Sagi Rama Krishna Raju Engineer College (Autonomous), Chinaamiram (V) of Bhimavaram (M)", subject to certain terms and conditions.

2. After careful examination of the proposal, Government hereby accord permission to draw 4,17,000 Litres per day (0.170 Cusecs) from Right Bank of Vempadu Branch channel at Km 0.870 to "Sri Sagi Rama Krishna Raju Engineer College (Autonomous), Chinaamiram (V) of Bhimavaram (M)", subject to the following terms and conditions.

1. The Water can be spared based on the subject to the availability of water in the **Vempadu Branch channel**.

2. The water drawn from the Source should be utilized for the purpose for which permission is granted.

3. The applicant shall pay one year water charges as advance and any amount due to the department before entering into agreement.

4. Under any circumstances, the consumptive utilization should not exceed the quantum of water allotted by the department.

5. Digital Water meters and measuring devices should be installed at the pump house by the Institution at their own cost to measure the water consumed and should be made available to the Department authorities and the representatives of the users shall be present at all times for inspection. The water meter shall be periodically calibrated and kept sealed. The period of calibration will be specified by the department.

6. The Institution authorities should pay security deposit at 5% on water Charges for which permission is granted.

7. The rate would be as per the Industrial usage or at the revised rates as fixed by the Government from time to time. In case of failure to pay water rate/ Royalty charges the permission to draw water shall stands cancelled.

8. The applicant should make its own arrangements for sufficient storage of water during non supply period.

(P.T.O)

9. The Water Resources Department is no way responsible for non supply of water due to any reasons.

10. The entire cost of construction of pump house, pipe line etc., should be borne by the Institution only.

11. The Institution must strengthen the canal/channel margin on either side of the proposed off take point to avoid erosion of bank and to protect the existing canal/channel margins as directed by the Department.

12. The Department is no way responsible for any damages that may occur to the off take point and pump house during floods or an account of any other reasons.

13. The Department is not responsible for any dispute that arises with neighbouring Institutions and public and any legal matters.

14. The Institution should not create any objection for improvement /Modernization works to the said Canal in future, and they have to relocate the pumps/off take point if necessary, with their own cost.

15. The applicant should abide by any other conditions laid by the Department at later date.

16. The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof

17. The annual requirement of water can be spared from River / Reservoir / Canal. No more drawl shall be permitted, Priority shall be given to Drinking water & Irrigation, when reservoir/canal receives lean flows.

18. The point of drawl should be as fixed by the Department.

19. The applicant has to produce the relevant records for departmental verification at the end of each quarter periodically.

20. The institution shall obtain the prior concurrence from Water Resource Department for laying of pipe lines and crossings etc., where ever necessary.

21. No field bodhi or pipeline shall be taken through or along with Government land without approval from the Government and if permission accorded by the Government, the lease should be paid as fixed by the Government only.

22. The applicant has to construct CC Walls to avoid leakage at pipeline crossings.

23. The applicant has to conclude the agreement with the officers concerned of the Water Resources Department.

24. The Institution has to pay water charges for the estimated quantity in advance at the start of the Financial year i.e., before 10th April of every year as per Board Standing Orders (BSO).

25. The Proposed drawl for this institution should not affect Lower Riparian Rights (LRR) and Upper Riparian Rights (URR) in any manner.

(P.T.O.)

26. The permission does not confer any riparian rights to the Institution.

27. A detailed plan showing the location of intake arrangements, pump house, alignment of pipe line and conveyance system should be furnished to the department for approval.

28. The Designs must be approved by the Chief Engineer, CDO, Vijayawada.

29. The concerned Executive Engineer will be responsible for enforcing the conditions.

30. Non adherence to any of the above conditions by the Institution will entail cancellation of the permission.

4. The Engineer-in-Chief (Irr), Water Resources Department, Vijayawada shall take necessary further action in the matter.
